

# PANOSOL II®

## FULL BODY & LOCALIZED PHOTOTHERAPY TREATMENT

### OVERVIEW

The Panosol II® offers effectiveness, flexibility, and convenience in an affordable, space-saving platform. Entrusted by thousands of patients worldwide to deliver accurate and effective treatments, the Panosol II® is an ideal solution for those treating psoriasis, vitiligo, and other photoresponsive conditions.

Our Panosol II® line is a series of light panels that are available in two heights: 2 foot and 6 foot.

### KEY FEATURES

- High-efficiency reflector design maximizes lamp output for shortened treatment times
- 6' model comes with casters for easy maneuvering
- Safety on/off key prevents accidental or unauthorized use
- Safety control panel with built-in timer ensures the accurate UVB/UVA dosage is administered each and every time
- Partially or fully covered by many insurance plans
