

# DERMALIGHT® 90

## COMPACT HANDHELD PHOTOTHERAPY DEVICE

### OVERVIEW

The Dermalight® 90 is a lightweight, handheld phototherapy device that provides fast and effective targeted treatments for psoriasis, vitiligo and other photoresponsive skin conditions - all from the comfort, convenience, and privacy of your own home.

### KEY FEATURES

- Ideal for scalp and spot treatment
- Comb attachment helps the patient maintain a safe, consistent distance between device and skin during treatment and separates hairs to allow light to penetrate directly to scalp
- Ships fully assembled
- Comes with carrying case, goggles, and timer
- Partially or fully covered by many insurance plans
